Section 20

I. Types of Funds

A. State Grant Funds

Local Jurisdictions receive a grant of State Funds based on the approval of an application for such Funds.

1. Said County agrees to establish a separate fund to be known as the “Community Corrections Grant Fund” for the purpose of receiving and disbursing funds pursuant to this Agreement.
2. This fund shall be used only for the funds received pursuant to this Agreement and shall NOT be co-mingled with any other funds received by the county of the CCGAP.
3. Disbursement records shall be kept in a manner prescribed by the Department and/or the State Board of Accounts and shall be available to the Department and/or the State Board of Accounts upon request.

B. State Community Transition Funds

Local Jurisdictions receive Community Transition Funds for offenders served on this program on a reimbursable basis

1. Said County agrees to establish a separate fund to be known as the “Community Transition Fund” for the purpose of receiving and disbursing funds to this Agreement.
2. This fund shall be used only for funds received pursuant to this Agreement and shall NOT be co-mingled with any other funds received by the county of the CCGAP.
3. Disbursement records shall be kept in a manner prescribed by the Department and/or the State Board of Accounts and shall be available to the Department and/or the State Board of Accounts upon request.
4. Once funds have been earned and deposited to the Fund, the county may pay out expenditures from this Fund or transfer the funds to a different fund to expend and does not revert to the state at the end of a grant period.

C. Project Income

1. Project income, which includes home detention fees, user fees, and other income derived from the operation of a Community Corrections program funded by a state grant, shall be disbursed only in furtherance of the approved Community Corrections Grant Act Application and Agreement. Prior approval from the Department (see #3 below) must also be obtained.
2. A separate account shall be established for project income and identified as the “Community Corrections Project Income Fund” (IC 11-12-7[1-4]). Expenditures from this fund shall be accounted for in the same manner as all other expenditures of Community Corrections grant funds.
3. Project income (e.g., home detention fees, user fees and other derived income) does not revert to the state at the end of a grant period.
4. Project income can only be spent with prior WRITTEN Approval by the Department. Written approval may take one of two forms: (1) the annual Community Corrections Grant Application; (2) special Approval (see “Transfer/Additional Appropriation Form”).

D. Contributions or other grants, funding sources, or county funds expended on the Community Corrections program cannot be co-mingled with either State Grant or Project Income accounts.

II. Procedures

- A. A Community Correction Grant Application, when approved, is attached to the Community Corrections Grant Act Agreement and incorporated into a contract. The signed agreement establishes the funding level and approves the expenditure of the awarded funds and project income as specified in the budget sections of the Application.

The budget sections of the approved Grant Application are the guide and authority for the expenditure of the allocated funds.

1. Funds must be expended as pre-approved and specified in the budget section of the Grant Application.
 2. Budgets are divided into four categories termed Major Budget Categories. These are:
 - 100 Personnel Services
 - 200 Supplies
 - 300 Other Services
 - 400 Capital
 3. Only those changes between Major Budget Categories require Department transfer approval.
 4. Any transfer out of a Major Category, or creation of a new line item, will require approval by the Department. (See “Transfer/Additional Appropriation Form”).
 5. When an agency changes an approved budget category, (e.g., by transferring between categories or by Department approval), subsequent budget categories of the Monthly Financial Reports must be modified to reflect the newly adjusted categories.
- NOTE:** All expenditures that are not part of the approved Community Corrections Grant Act Agreement or approved through the use of the “Transfer/Additional Appropriation Form” are disallowed expenditures.
